Hi Bill, please communicate with both Lauren and me--you can send to Lauren, but please cc me. Lauren is going to become the Project Manager on this TO; however, I am still currently the Project Manager.

Likewise, when we send communications to you, we always cc Donn so he knows what is going on with his TO since he is the COTR and receives the monthly reports; however, you are the POC with all the specifics for the site.

Thank you.

Best regards,

Kim Shultz

Lauren:

It looks fine to me, please proceed and place in the Bristow paper. I received you call. Thanks for adding the Docket ID and the Mail code. I am confused who am I supposed to communicate with? I sent Kim a note this morning.

Thanks

Bill

Bill:

Attached is a revised Public Notice for Wilcox Oil. Based on the Federal Register notice on May 24th, I updated the Mail Code, date of public notice, and 60-day comment period dates. I also added the docket number.

I will phone you this morning to get your approval of the final notice so that it can be placed in the newspaper.

Thank you.
